

# Let's Talk Aout Our Grand Opening

By: Susan Higley

As many of you are aware, we have been under construction and we are finally ready to celebrate our grand opening scheduled for Saturday **December 6, 2008**. This represents a goal we've been working towards since 1996. Twelve long years of planning and preparing, waiting for the right time. We are so excited to unveil our vision; our natural health and wellness center. Come in anytime and let us give you our personal guided tour, which includes:

- **A retail store.** We have too many products to mention; you'll just have to come in and see. If we don't have what you want, we will make every effort to get it for you. There is no longer any logical reason for you to drive 20 miles into Henderson to purchase your natural health products.
- **A health-learning center** (free-to-you) where you can research our computer database, the Internet, or our natural health manuals for a safe natural approach to your health concern. You can also purchase one of the hundreds of how-to books we offer for sale.
- **A natural health therapy center** where you can obtain massage therapy, biofeedback therapy, or colon hydrotherapy, or you can schedule a Spa day and come in for the works including your favorite bath crystals, soft music, and candlelight in our Jacuzzi tub.
- **A seminar room with a fully equipped kitchen** where you can learn to prepare healthy meals for you and your family or where you can attend one of our natural health seminars and workshops.
- **Yoga and Tai Chi** classes

We are presently looking to develop relationships with Medical Doctors, Dentists, Chiropractors, Osteopaths, Naturopaths, Homeopaths, Herbalists, and other medical professionals of all types; educators, authors, cooks, and chefs, or people who have a specialized knowledge and just want to share it by teaching a class. If you have a great message or if you know someone who does, please give us a call or ask that person to call. We are actively seeking knowledgeable people who want to teach a class now. Call Sue or John at 293-3169

Don't forget that our grand opening is **Saturday December 6, 2008**. We plan to have lots of representation from our distributors, lots of freebies and other goodies, and most importantly, you have my personal invitation to attend. We hope to see you then.

Until next time, I leave you with this message. You can develop and maintain vibrant health, abundant energy, and mental clarity. All you need is a little knowledge, will power, and determination, lots of patience, and the daily practice of good habits. Eat Well, Sleep Well, and be Well. We will be closed Thursday November 27th and Friday November 28th for Thanksgiving.
